SUMMARY

Backend-focused CS student at VIT Chennai (CGPA 8.46) with hands-on experience building and deploying REST APIs using FastAPI and Express, working across PostgreSQL/MongoDB, and writing tested production code. National semi-finalist, Flipkart GRID 7.0.

EDUCATION

Vellore Institute of Technology, Chennai

BTech in Computer Science

CGPA: 8.46/10 (Till 5th Sem) — Aug 2023 - Present

SKILLS

Backend	FastAPI, Express
Databases	MySQL, PostgreSQL, MongoDB, Supabase
Machine Learning	ML algorithms, Tensorflow and PyTorch, Data Preprocessing
DevOps & Cloud	Docker, Nginx, Vercel

EXPERIENCE

AI/ML Immersion Program Participant — National University of Singapore — *Dec 2025*
github.com/deepfake-model 

Contributed to a deepfake detection project by training, tuning, and validating a Vision Transformer (ViT) model, achieving 79% classification accuracy.

PROJECTS

Google OAuth Sign-In Tracker May 2026 - June 2026 [application](#) 

- FastAPI application that tracks the per-user sign-in frequency.
- Added security using session cookies, CORS allowance only for one origin, and Google OAuth 2.0 for secure sign-in.
- Maintained code robustness by adding unit tests using Pytest framework and deployed it on Vercel and maintaining production deployment for error handling.

Full-Stack Project Management System Jan 2026 - March 2026 github.com/mini-jira 

- Built a full-stack project management system using **Node.js**, **Express.js**, and **MongoDB** following MVC architecture, exposing **6+ RESTful endpoints** validated end-to-end with Postman.
- Implemented **JWT-based authentication middleware** to enforce protected API access and stateless session handling across all routes.
- Enforced code quality via **pre-commit hooks** integrating unit, integration, and mutation testing — maintaining stable coverage throughout the development lifecycle.

CERTIFICATIONS

Generative AI using IBM WatsonX – IBM

ACHIEVEMENTS

- **National Semi-Finalist in 2025 Flipkart GRID 7.0** - Showcased problem solving skills in data structures and real-life problems at national level.
